

**LARSON XL SIMANGUS™**

# ARE YOU STUCK IN THE SAME OLD SPOT...

year after year with an average  
bull battery that sire  
average calves?

Larson XL SimAngus™ bulls will give you good calving ease with outstanding eye appeal and performance. Daughters from our bulls make great cows. They have superior longevity and fertility with excellent dispositions. In a downtrend cattle market your bull selection is more important than ever! **Give us a call!**

Every seedstock operation has a guarantee of some kind. Some are "guaranteed" to turn their back on you when a problem arises with words like "well, that's the cattle business!" We want to be the exact opposite of that perspective. Our guarantee is this: You're our customer. You're important to us. We want you to be satisfied with your purchase and willing to tell others the same. Our bulls are 100% guaranteed through the first breeding season (August 31) for health, fertility, accidents, and disposition. If you have a problem with our bulls, give us a call and we'll make it right. Our first step will be to try and replace the bull. If we can't do that we'll arrange credit at next years sale. Finally, if credit is not satisfactory, you will be refunded the purchase price of the bull. Your responsibility will be to contact us when a problem arises. Please don't wait until next years bull sale to let us know of any problems. Your success is important to our success!

Volume Discount of 5% on 3 or more bulls. \$50 discount for hauling your own bulls the day of the sale. For more information or to receive a sale catalog, please call 701-376-5360.

1:30 pm at Kist Livestock, Mandan, ND**

During the hustle and bustle of the Christmas season remember the true meaning of why Jesus Christ left the perfections of Heaven and came to Earth to dwell among us. Luke 19:10 says: "For the Son of Man came to seek and to save the lost." That's me and you! Praise be to God and Merry Christmas everyone!
